AES UPDATE – A MUST MEETING FOR USERS

Foreign Trade Statistics Regulations and Mandatory Filing via AES

Shipments of commodities listed on the Department of State's Munitions List and the Bureau of Industry and Security's Commodity Control List will have to be filed through the AES. Learn the new reporting requirements for these types of shipments and when this will be mandated as well as full mandatory AES for all shipments.

Enhancement to AES*Direct* - AES*PcLink*

Self-installing software that allows the authorized AESDirect filer to enter, edit and validate Shipper's Export Declaration data offline from their PC.

AES Redesign

Hear what changes in AES will occur in the summer of 2003 that will make AES a better system.

U.S. Customs Requirements

A U.S. Customs representative will address local operations, how they use AES, and Customs' expectations for AES filers.
